

STATE OF MAINE
PUBLIC UTILITIES COMMISSION

Docket No. 99-566

September 8, 1999

CENTRAL MAINE POWER COMPANY
Request for Approval of Special Rate
Contract between CMP and the City
of Rockland

ORDER

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

SUMMARY OF DECISION

By this Order, the Commission approves a special rate contract between Central Maine Power Company (CMP) and the City of Rockland (Rockland) for street-lighting (SL) service.

DISCUSSION

On August 17, 1999, CMP filed with this Commission a proposed 15-year special rate contract for SL service to Rockland. CMP acknowledged that given the length of the contract term, the contract does not comply with the conditions in the ARP, that allow contracts to become effective automatically upon the expiration of 30 days. However, CMP requested that the Commission review and approve this contract within 30 days.

Under the terms of the special rate contract, CMP will provide Rockland electric street lighting service, including poles, brackets and luminaires. The brackets and luminaires provided to Rockland under this agreement are not available under CMP's regular streetlighting service rate schedule. Under the agreement, Rockland will pay a set monthly fee associated with provision of the brackets and luminaires. This fee will change with changes to CMP's regular streetlighting rate schedule. The electrical usage associated with serving these streetlights will be metered and billed under the appropriate General Service rate schedule.

Based on our review, we find this contract to be reasonable and will, therefore, allow it to go into effect.

Accordingly, we
